

# Evangelism 101: Becoming Fishers of Men

## Fall 2023

### Course Description

The intention of this course is to equip the saints to faithfully share the Gospel and to start them on the journey of lifelong evangelism. It begins with the **heart** of evangelism, walks through various **approaches** to evangelism, provides some **overarching principles** in thinking about evangelism, then presents a **Gospel outline** for evangelism. However, we are called not just to speak the truth but to speak the truth in love. So in addition to a basic Gospel outline, the course will also provide "**fishing principles**" to help us understand *how* we should deliver truth.
